Homecoming 1969

Becky Young, a freshman from St. Albans, reigned as queen over the homecoming festivities. She was escorted by John McDougal.

Homecoming festivities officially began on Friday, Oct. 3, with a parade through downtown Fairmont. Bill Beasi, sophomore class president, was the parade marshall.

The football game was played on Saturday afternoon at Rosier Field. A Falcon victory over Glenville pleased the many alumni who had returned to Fairmont for the weekend. Several fraternities and sororities held receptions after the game to welcome their visiting members.

Following the Alumni Banquet at the cafeteria, the homecoming dance was held at the Student Center. Last year's queen, Shirley Beil, was present to assist at the coronation.

Vietnam Moratorium

Dr. Wesley Bagby
WVU Professor

More than 500 American colleges and universities observed Vietnam Moratorium Day Oct. 15. The series of anti-war actions was instituted last spring by the Vietnam Moratorium Committee, whose office is in Washington, D.C. The moratorium was an effort to maximize public pressure to end the war by encouraging a broad section of Americans to work against the war.

Jim Butcher organized Fairmont State College's participation. Approximately 125 students and faculty members participated on a voluntary basis.

A number of FSC students and faculty members marched downtown to the Court House to hear speeches by Rockefeller and Bagby.

Science Hall Ground Breaking

Participating in the ceremony were Dr. Eston K. Feaster, college president; Attorney Albert M. Morgan of Morgantown; James Butcher, student body president; Joseph Ford, FSC Alumni Association president; Albert Robinson, mayor of Fairmont; Dr. William Ruoff, chairman of the Division of Science; Dr. James LaRue, chairman of the Department of Mathematics.

Architect's drawing of Hunt-Haught Science Hall, now under construction.

Ground breaking ceremonies for the new Science Hall were on Nov. 21, 1969. The building is expected to be completed by fall, 1971.

During dedication ceremonies the new Science Hall will be formally named the Hunt-Haught Science Hall in honor of two recently retired members of the FSC staff. These are Dr. George R. Hunt, who joined the college staff as a member of the biology department in 1931 and retired in 1965; and Cleo D. Haught, who came to the college in 1925 in the chemistry department and retired in 1966.

New Garden Lanes Apartment Building

A new apartment building was ready for occupancy this fall. Garden Lanes Apartment G contains thirty-five units and houses 140 girls. The building is owned by Dale-Howe Management Corporation and supervised by the college.

Construction began in the spring and continued throughout the summer.

Winter on Campus

Fairmont State College students returned in January after a three week vacation to find the campus covered with snow. The school calendar had been changed so that final examinations were scheduled before Christmas. Returning students poured into the Student Center Ballroom and Colebank Gymnasium to complete registration for the second semester.

College students are not too old to enjoy a good-natured snow battle.

Students rush from the Student Center to the gymnasium on icy sidewalks to complete registration procedures Jan. 12.

Students escaped the winter winds by seeking refuge in the gym (ABOVE), only to find themselves in seemingly endless lines for registration (BELOW).

Adams at Monroe in Fairmont

Will he take the right road?

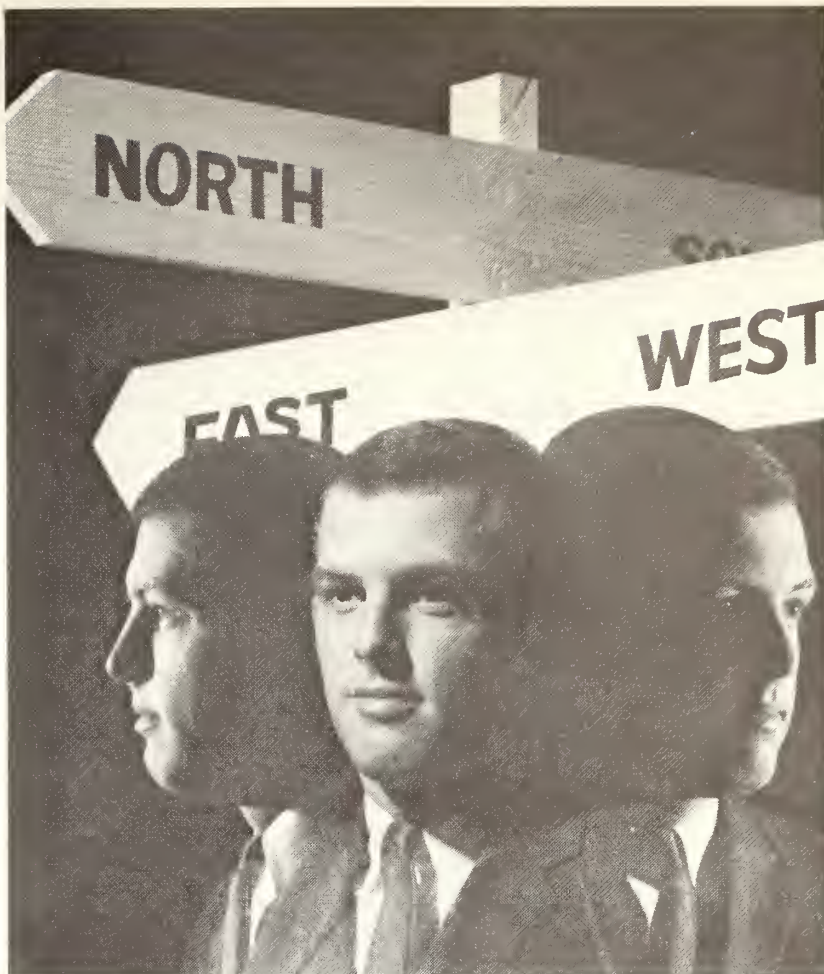

On the threshold of his career.
He can go in many directions.
We think the right road is here
in West Virginia.

Our young people need new jobs
and greater opportunities. This is
one of the reasons Hope Natural
Gas has a vigorous industrial
development program to bring new
enterprises into West Virginia.
That young man is one of our
state's most valuable resources.
We want him to stay here.

It's a tradition!

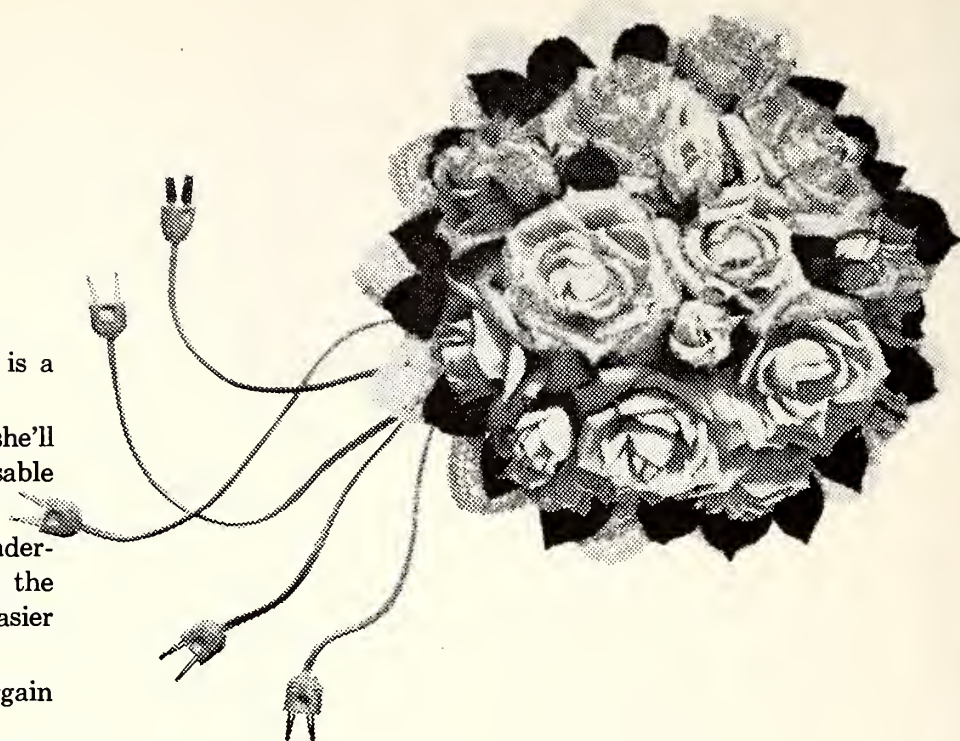

Tossing her bouquet to her bridesmaids is a bride's traditional farewell.

And when the bride turns housekeeper, she'll hand many a bouquet daily to that indispensable bride's aid—electricity!

Dependable electricity powers those wonderful electrical gifts she'll be getting, and the appliances in her new home that make life easier and happier for her and her spouse!

And all this electric power comes at bargain prices that go easy on a bride's budget.

The people of your *investor-owned* electric company have a tradition, too, that helps them in working and planning to make sure that brides of yesterday, today and tomorrow will continue to get all the low-priced electricity they'll ever need!
